Clientele offers ageless beauty! In this enlightening issue we honor 2-time Academy Award winner Carol Connors, whose personality is not only "over the moon," but being a little mermaid, also "under the sea." She is as beautiful today, for the new *Rocky Balboa* movie, as she was 30 years ago when she co-wrote the theme song "Gonna Fly Now" for the film *Rocky*. It's a privilege to honor "CC" as our Clientele Woman of Achievement. She's an ageless beauty, a talented singer, song writer and philanthropist.

Wishing you the best of health, the greatest happiness and the joys of a New Year!

Enjoy looking young!

# CAROL CONNORS

Still Singing, Still Swinging, Still a Knockout! Carol Connors is a petite 4'11-1/2" ball of fire! (Her father was a Jockey). Brilliant, bubbly, witty, talented, extraordinary, and an inspiration to all who meet her.

“Still a knockout after 30 years, thanks to Clientele!”

It was 30 years ago that she co-wrote the theme for the film *Rocky*, “Gonna Fly Now” with Bill Conti and Ayn Robbins. The song became a box office giant (Academy Award Nomination, Grammy Nomination, ASCAP Award of Excellence, and the Physical Fitness Song of the World), and plunged “CC” into musical stardom. Just a few of her credits... she also co-wrote the love song, “With You I’m Born Again,” one of the most important love songs of all time. She has also co-penned the theme for Robin Leach’s *Life Styles Of The Rich and Famous*, “Champagne Wishes and Caviar Dreams,” sung by Dionne Warwick, and for *Star Search*, “You Can Be A Star.” Carol’s music has remained universally popular, very recognizable, and some of the most memorable of the past 30 years.

“They still play ‘Gonna Fly Now’ whenever Sylvester Stallone walks into the room. It’s really a thrill,” says Carol, and of course the excitement is happening all over again with the new release of *Rocky Balboa* in theatres. “*Rocky Balboa* is about everybody who feels they want to participate in life, rather than be a bystander. You’re never too old to climb a mountain if that’s your desire! My philosophy exactly,” says CC as she flashes her gorgeous smile.

Her amazing diversity of talent is personified as a successful Singer, Song Writer, Charity Organizer, Cat Lover, and Baker. In fact she won the Le Dome Cook-Off with her Auntie Carol’s U Can Hard-ly Bare-it Carat Cake. While many of her contemporaries have resigned themselves to being legends, she continues with a very active and successful professional career creating more musical masterpieces. She has been nominated for 10 major music awards: Emmy’s, Grammy’s, Golden Globes and two Oscars. Speaking of gold—her walls are adorned with gold and platinum Records, along with countless photos of Carol with friends, and even international dignitaries—why not? She has penned the themes for entire nations such as Jamaica, Singapore and Malaysia, as well as the theme song for the Sultan of Brunei’s airline... Royal Brunei.

Since CC last graced our cover she’s been one busy lady! She was in Washington DC, for a return engagement at President George W. Bush’s second term Inaugural Ball. Carol sang the national anthem at the California Democracy Ball, as she did at the President’s Military Ball “A Salute to American Hero’s,” entertaining friends, and a brilliant roster of guests, along with the President himself.

After honoring fellow song writer Elton John in Minneapolis at a Starkey Hearing Foundation Gala, she flew

to Ft. Lauderdale for a special performance at the Seminole Hard Rock Hotel and Casino. Carol sang her stirring version of "America the Beautiful" impressing everyone, especially the Seminole Chief 'Chairman' Mitchell Cypress, a veteran himself, who said that Carol honored everyone in the room by honoring veterans.

Eddie Reasoner

In June, Jean-Michel Cousteau, Carol and her best friend and dive partner Barbi Benton were honored at the 2006 Reef Check Foundation Gala, for their work in saving reefs world-wide. Shortly after this event, Jean-Michel Cousteau, son of Jacques Cousteau, met with President Bush. Soon after, Mr. Bush announced he had signed a bill for the preservation and creation of

Barbi Benton & Jean Michel Cousteau

the largest marine sanctuary in the world stretching from the Hawaiian Islands, to the Midway Islands. Both Carol and Barbi are true Mermaids, (CC collects them), and are known worldwide for their love of the underwater world. Both received "The Mermaid of the Reef Award" for their dedicated support and advocacy of reef conservation. Carol and Barbi are avid scuba divers who have performed reef checks in Hawaii and Fiji. Carol has been named the Ambassador of the Coral Reef, or more properly the "Carol" Reef by Reef Check.

In July Carol gave a special salute to America with her inspirational song "There's a Winner in You," as an anthem for motivation. She makes clear that "there's a winner in all of us" and calls each to "take your place, that's what winner's do." This was the theme song for the July 4th 2006 Salute to Los Angeles as the Creative Capital of the World.

"If you are a good song writer you need the ability to bounce from one project to another, and from one song to another," CC says. I received my 5th Emmy Nomination for a song I had written for Bob Hope Presents "Morris the Cat's Salute to

America's Pets." Right after that my beloved Abyssinian, "M the Wonder Cat", passed away and I wrote "Unconditional Love-Unconditionally" as a tribute, which has been commissioned by PETSMART and is now the theme song for their Spay and Neuter Clinics Project. "At the same time, one of the finest song writers I have ever worked with, Eddie Reasoner, and I have been working on a theme song for an A & E Special '15 Hours about Madonna.' The song is called 'Madonna in the Mirror.' Eddie and I are also working with Leyla Milani who appears on Howie Mandel's Hit

Show *Deal or No Deal*. Leyla is a real 'Knockout,' hence the title of our song, 'Knockout!' I have to say she is also quite the cat's meow!"

How does Carol keep such a heavy schedule and still look so beautiful? We won't tell her age!

Carol glowingly says, "Clientele is always in your corner. In fighting you always have to go back to your corner and come back when the bell sounds. It's there the fighter gets refreshed and ready to fight. Clientele is there to prepare you for the fight against the aging process... it keeps you looking young and feeling young. Several years ago, I had several skin cancers removed from my face leaving 18 stitches. Thanks to Clientele I'm not scarface... my skin looks great! People are always asking, tell me who's your plastic surgeon. I just say my friend Pat Riley, and her Clientele Formulas. Clientele is remarkable!"

CC lives in Beverly Hills with her two exotic Abyssinian Cats, Music and \*NLYRICS, whom she absolutely adores. She also loves Orchids, grows them everywhere inside and outside, and along with mermaids, also collects "Smishes," wonderful, whimsical SmishFish.net Artwork.

Hi Pat,

I want to take this opportunity to say that I just read your Clientele Magazine. — it's wonderful and you should be so proud of what you have accomplished — truly the 30 year story told was fantastic.

I have used your products and the newest ones like Neck Envy have worked in the short time I have been using them. I see little lines from the sun (and age) but they seem to be disappearing.

I do like the new Lotus Renewal cleanser best. I love the sponge and I was always too lazy to really cleanse my skin, but this has made it much easier for me.

I have really gotten into a routine with cleansing and creaming thanks to you and your products. It's about time, don't you think? Another product I have used is DermaTight (which is new, isn't it?) and I like that texture very much. I use that every night.

Of course, I swear by Age Blocker SPF 25 and have used that for years. Now I am anxious to use the LineX.

My favorite is the Face Primer — I didn't realize all the good it does until I read about it — I just liked the way it feels.

If you ever need me to give Clientele a recommendation don't hesitate to call, I say whatever is on my mind.

Big hug,  
Dorothy & "Baby"

## Even your best friends won't believe how good you look!

A true story by Carol Connors

One night, after playing mermaids in Kona, we came up from a great scuba dive and went out for some Thai Food. Right after the green curry, coconut milk and rice... Barbi said to me, "Okay, fess up! Who did your face?" my reply, "What?! are you talking to me? (In my best Robert De Niro voice... and we were the only ones in the place) ...BARBABENIIIIIIII, how in the world would I be able to get plastic surgery without you knowing, we are practically joined at the tail!" Then Barbi said, "It's Clientele isn't it." "Absolutely! Of course I eat right and I take care of myself, but I use Clientele every day! It helps me Look young... Feel young... and Be young!"

BB/CC Mermaids definitely put CLIENTELE® in the + column!

## Thank You Mom, You Made My Day!

*This is a true story about a 14-year old girl who's skin broke out prior to taking class pictures. It has a happy ending.*

Dear Clientele,

I wanted to tell you about my experience with your Perfect Coverage. Well, my 14-year old daughter broke out a week before they were to take class pictures. You could imagine how awful my daughter felt.

I couldn't possibly tell you how upset she was. The products she used for her face were ok but we knew they weren't going to clear her breakout in time for pictures.

We tried makeup, but they just made her acne look like powdery pimples. Then I saw an ad for Clientele Perfect Coverage compact. I felt this might work. You said it was oil-free and did not clog pores. So I ordered it.

It came a few days before pictures. Praying it would work, my daughter applied it. IT WAS AMAZING! Not only did it instantly make the breakout areas completely vanish, but her face looked like it was done by a professional makeup artist! Her skin looked smooth and absolutely beautiful. You couldn't even tell she had make up on.

I am one very happy mom with a very happy 14 year old high schooler. Thank you for your incredible makeup. Now I wear it too!

Sincerely,  
Deborah H.

# Beauty from the inside out™

When we think of vitamins, we think of gaining more energy and better health. But vitamins do not only work on the organs within your body, they also work on the biggest organ, which is on the surface of your body: the skin.

**Why Your Skin Wrinkles**  
Antioxidants are compounds that help neutralize harmful free radicals. These toxic elements are produced by sunlight, pollutants and normal metabolism of oxygen in the body. Free radicals have been implicated in many diseases, including skin cancer and oxidative aging of the skin.

## Protection Inside AND Outside!

This is why you'll find many of the same antioxidant ingredients in both Clientele's topical lotions AND nutritional supplements such as our Daily Nutrients – to help ensure healthier and more beautiful skin from the inside out! In fact, researchers at the Department of Dermatology at the University of Naples stated "antioxidants applied topically and/or taken orally may play an important role in counteracting the oxidative injury to the skin and eyes provoked by free radicals." {*Skinmed (U.S.), Nov-Dec 2004, 3(6) p.310-6.*} Ingredients from nature such as Grape Skin, Grape Seed, Green Tea, and Lycopene, which are a part of Clientele Daily Nutrients, now have received a lot of attention for their remarkable powers to protect the skin from the inside out.

## More Help for Your Skin.

Besides a wide variety of powerful, natural sources of antioxidants, nutrients such as Biotin work to promote healthy hair, skin, and nails. Biotin is also vital to connective tissue as is the mineral copper and Vitamin C. Daily Nutrients from Clientele contains these nutrients along with others which help protect the skin from UV damage and free radicals. The patented age-defying Lotus Seed Extract is a key ingredient in Elastology® Skincare and is also in Daily Nutrients.

## Start Now. Start with Clientele.

Healthy looking skin begins from within. To fight signs of aging, it makes sense to use a regimen that combines skincare and nutritional supplements that nourish and protect the skin from the inside out... Clientele's philosophy for over 27 years.

In the last several years, research has shown that taking antioxidant vitamins orally as well as applying them on the skin (as part of a topical lotion) may help play an important role in protecting skin from damaging UV rays that tend to age and wrinkle skin.

## DAILY NUTRIENT SUPPLEMENTS

Get the key nutrients you need for a healthy, youthful lifestyle, plus cutting-edge antioxidants to protect your skin from free radical damage caused by exposure to the environment, sunlight, smoking, and natural metabolism. Increase your defenses against the effects of aging, with Clientele's nutritional regimen.
